LOCATION

Little Canfield is a charming village located between Great Dunmow and Bishop's Stortford. The village has a public house and a beautiful 12th Century church. The nearby village of Takeley offers nursery and primary schooling, with further schooling and facilities available in the nearby towns, as well as public houses and restaurants. The village is ideally located for road and rail networks; the A120 bypass supplies quick and easy access to M11 and London Stansted International Airport which also supplies mainline railway links to London Liverpool Street Station and Cambridge.

A red brick maltings conversion forming part of a small, exclusive farmyard development completed approximately nine years ago with a selection of converted former farm buildings. The property is set in a tucked away corner within the development and is finished to an extremely high quality. The current owners, who have occupied since the conversion, have further enhanced the property with underfloor heating to the ground floor, bespoke solid oak internal doors, along with period style radiators to the first floor. A shingle driveway provides parking along with detached double cartlodge. The large garden has rail and post fencing with views of a woodland copse.
