OUTSIDE AND GARDEN

The plot is of an inverted L-shape of about a third of an acre. The driveway and the house with its garden sit in the long part of the L. The short part of the L is taken by grassland with ample space for flowerbeds, outbuildings and vegetable patches.

Accessed via a large gravelled driveway from Rookery Lane, which provides extensive parking with an EV charging point. Porcelain tiled paths lead to the front and rear doors, and also around the house. Terraces to the front and rear capture the light at different times of the day, ideal for relaxation and entertainment. The rear of the property offers stunning views over open grassland and trees.

A beech hedge at the front and one side of the property provides natural privacy from the lane and neighbours. The rear garden extends eastwards by 35 metres from the house and offers space for games, entertainment, a vegetable patch and outbuildings.

The garden is currently grass and bulbs, is therefore of low maintenance, yet because of its size, allows personal creativity for flowerbeds and vegetable patches. It has external ground spot lighting.

There is additional land of half an acre extending northwards by 44m along the entire width of the garden, available to purchase by a separate discussion.
