Within the garden there is a timber frame barn and adjoining lean-to which is constructed of dwarf brick walls, weather boarded and corrugated steel sheet roof. In total the barn extends to approximately 1,377 square feet and previously had a change of use to a single residential dwelling under Class Q of the Town & Country Planning Order 2018 (General Permitted Development). This was granted on the 17th February 2022 and needed to be completed within 3 years of that date. Therefore, the consent has now lapsed but there is excellent scope for redevelopment, subject to a new planning consent being obtained.
