Phillips Smith & Dunn are delighted to offer to the market 'Hill Park' which is located to the edge of Georgeham Village. This is a most attractive and particularly spacious 5 bedroom detached Victorian residence, requires modernisation and improvement but offers tremendous potential. The grounds extend in total to 1.75 acres. This impressive home stands on a good size formal plot with an attractive gated entrance leading to a large private driveway and turning circle. There is the benefit of a large double garage to one side. The property offers huge scope and potential to adapt and reconfigure from what is already a lovely home, into something really rather special.

'Hill Park' is set amidst peaceful surroundings with sweeping rural outlooks, this exceptional lifestyle property offers the perfect balance of space, semi rural living and versatility. At its heart is a substantial five-bedroom family residence designed for relaxed country living, complemented by an attached paddock of 1.16 acres ideal for hobby farming, horses, or simply enjoying the freedom of open space. There is an area of amenity woodland of 0.25 of an acre and gardens of 0.34 of an acre.

The property is in need of some updating and modernisation but once done it will make a fine and spacious family home. The agents also consider there is more scope and potential to create further living accommodation, if required, within the roof space (subject to the necessary planning permission and consents).

The well proportioned accommodation flows nicely and comprises an entrance porch which leads through to a good size entrance hall with the principle staircase rising to the first floor. Both reception rooms each enjoy a pleasant outlook overlooking the front. The sitting room is a bright and spacious room and has a solid fuel fireplace with tiled surround and mantle. There is a good size dining room with further tiled fire surround. From here, a door leads to a small inner hall to the kitchen and provides access to a secondary staircase to the first floor. The kitchen has an assortment of base and wall units with ample working surfaces with inset sink unit. There is a solid fuel stove (we believe serving the immersion hot water and some radiators). There is a rear porch and with WC cloakroom. Also to the ground floor is a utility room likely to have been a former scullery with adjacent 3 piece ground floor bathroom. A wide central staircase with feature window opens to a good size landing serving all rooms. There are 5 bedrooms in total comprising 3 generous double rooms along with 2 additional smaller rooms, considered ideal as a work from home study room or child's bedroom. Bedroom 4 also has the benefit of an en suite shower room and walk in airing cupboard.

In all, 'Hill Park' is a most impressive home which demands a full viewing to appreciate what the house has to offer and the huge potential with the outbuildings and adjoining paddock. The position, size, outlook and nature of the accommodation offers huge scope and potential which is very rare to find in today's market in this beautiful location.
