Overview

This small plot of land is set, as one of many, in a field to the north side of Yelland Road, the road running between the villages of Fremington to the east and the coastal village of Instow to the west.

The plots were originally sold as having potential for residential development which has so far not transpired.

The plot is identified in red on the attached copy Land Registry Plan and measures approximately 20 metres by 14 metres and is set in the north west corner of the current field.

There are no services on the land and it is not fenced out from the remainder of the plots within the field nor can it be.

The lands are being sold as they stand with possible potential long term development and if interested parties wish to enquire as regards to the planning aspect they should address their enquiries to North Devon Council in Barnstaple on 01271 388288.
